A Double Wedding.

A very pretty double wedding took place at the home of Mr. and Mrs. George G. Abbott, North Norway, Wednesday afternoon at 3 o'clock, when their daughter, Ethel Sherman Abbott, became the bride of Eugene O. French, and their son, Stevens M. Abbott, took to himself Vera O. West of Upton as his bride.

Rev. H. L. Nichols of the Norway Methodist church, was the officiating clergyman, using the single ring service of his church. The ceremony took place in the alcove of the living room, which had been tastily decorated with white lilac blossoms and cedar.

Mrs. French was handsomely gowned in white silk Henrietta cloth with shadow lace trimmings, and Mrs. Abbott wore a becoming costume of white chiffon and shadow lace. The happy couples received the hearty congratulations and well wishes of the entire company, after which refreshments were served.

The following relatives and friends constituted the wedding party: Mrs. Dorothy Horr, Augusta H. Norway Municipal Court.

Judge, WM. F. JONES.

Herbert M. Adams of North Lovell caught a duck in a muskrat trap. It was so pretty and of a species unknown to him he sent it to Capt. J. W. Nash to be mounted. It proved to be a male wood duck, and for having it in possession there is a penalty.

Mr. Adams, in company with Commissioner Wilson and Capt. Nash, appeared before the court and told his story and plead guilty. By recommendation of the commissioner the sentence was suspended.

Recital and Reading.

Mrs. Bertha Pendexter-Eldridge of Rochester, N. Y, will give a recital of dramatic and humorous readings in Norway, the evening of June 19th, under the auspices of the Ladies' Circle of the Universalist church.

Mrs. Eldridge is Maine born and has many friends in Norway, where she frequently visited before her marriage. She is a sister of Hugh Pendexter, the author. As an entertainer Mrs. Eldridge is conceded to be the best of her profession in the country, having appeared repeatedly before the National Association of Elocutionists, delighting critical audiences in Washington and New York, besides other large centers. In speaking of his gifted sister, Hugh Pendexter says: "I shall be greatly pleased to have my Norway friends hear Mrs. Eldridge. In my long experience in New York as a newspaper man I heard them all, and without family egotism am quick to say Mrs. Eldridge is without a rival in her art—be it in dramatic readings or her inimitable monologues. She is in a class by herself."

Mrs. Eldridge comes to Maine in answer to the request of the Maine Central Institute Alumni Association, of which she is a member. It is through this lucky chance that Norway people will have an opportunity to hear her.

Memorial Day Observances.

Once more in the cycle of time have we come around to Memorial day, the day set apart to pay our respect to the Veterans of '61 and to decorate the graves of those who have gone before.

The order of services for the day was similar to those of other years. At 9.30 the members of Harry Rust Post, Woman's Relief Corps, and Company D formed in procession and went to Pine Grove cemetery led by the fife and drum as in earlier days. The drummers were George Soper and Mr. Kimball of South Paris, Ed. Burnell, Norway and the fife was played by Howard Shaw of South Paris.

At the cemetery prayer was offered by Rev. R. J. Bruce, pastor of the Congregational church, Lincoln's Gettysburg speech read by Rev. Mr. Bruce and appropriate remarks made by Rev. H. L. Nichols, pastor of the Methodist church. Then followed the decorating of the soldiers' graves.

From Pine Grove cemetery the line was again formed and proceeded to Rustfield cemetery where the graves were decorated, and from thence to G. A. R. hall.

The total number of graves decorated by the Post this year was 177. Wreaths were sent for the graves of the soldiers at Waterford, Albany and North Norway, the day before Memorial.

At G. A. R. hall dinner was served by the ladies of the Relief Corps.

The exercises of the afternoon were held at the Norway Opera House at 2.30; the commander, Winfield S. Cordwell, presided. The following program was given:

National songs.....School children
Solo.....Helen Dunn
Duet.....
Marion Haskell, violin; Ruth Cummings, piano.....
Solo.....Lilian Powers
Violin obligato.....Marion Haskell
Reading.....Amy Losier
Oration....Rev. Mr. McWhorter, South Paris

The speaker of the afternoon, Rev. A. T. McWhorter expressed his gratitude to the veterans for the honor to speak to them at this occasion. In part he said that he should not try to settle the great public questions, should not tell what great things the veterans had done or that they were soon to be numbered with the dead but should speak on the March of Progress. He spoke of the first civilization on the Nile and of the steady progress since those days in Egypt and, in numerating some of these advances he spoke of the telephone, the wireless telegraphy, medicine, and the war against the white plague and cancer.

In the life of every man and nation there are decisive moments. In France, Russia, England, Germany and the United States, there were men back of their country in their decisive moments. They were men of conviction, men with backbone, men of great courage, who dared to tell the truth, men of great faith and men with eternal patience, and in this march men must pay the price.

As loyal soldiers the veterans helped to abolish slavery and labored to give us a nation and no one can take that idea away. The women at home endured the hardships as well as the men who went to battle.

Memorial day is not a day for sports and games, but is a day given to the men and women who gave their lives for the nation and should be kept sacred.

As Christ is the central figure in the Christian religion, so Abraham Lincoln is the central figure and he stood like a rock for liberty.

Fannie Crooker, daughter of the late J. T. Crooker, of South Boston and Norway is living with Mr. and Mrs. Lang and report her health to be the best it ever has been.

Commercial Department.

N. H. S.

Since writing the previous article for the Advertiser concerning the proposed installation of a Commercial course in our high school, the course, has been inaugurated.

At present we have enrolled in the course eight seniors, ten juniors, twenty-one sophomores eighteen freshmen, six village pupils applied for admission, and one tuition pupil.

Although the course has been pursued for not quite eight weeks, yet some of the pupils are writing shorthand from dictation and have acquired considerable speed at typewriting. A few are beginning to get opportunities to try their abilities in offices, which shows the direct applicability of the course to local conditions and that it is practical and usable.

So far the cost of the course to the town has been merely for the salary of the teacher, and for the freshmen and sophomore bookkeeping outfits for pupils in school. All other materials, such as typewriting paper, shorthand text and note books, are purchased by each pupil. A loan of the typewriters was secured from the several companies for the spring term without charge, except for expressage.

When the financial recommendations were made up in January for amounts to be raised at town meeting, it was not expected the commercial course within the year, so no funds were raised to finance the department. It would seem that so highly practical a course as would enable its pupils to develope such usable ability would warrant its cost on par with the other courses of our school.

If the course is to be continued in the fall the account will be overdrawn to the extent of the year's salary for its teacher It will also be necessary to purchase at least six typewriters at the school price of fifty dollars each. These bills can be dated March 15, 1915, so that provisions for them can be made in the appropriation of next year.

I believe that this course will accomplish the following results for us:

First: Increase the number of tuition pupils in our school. (Beginning with the fall term the tuition will be $10.00 instead of $8.00 as is now charged. This is the cost of tuition at other schools of the same rating.)

Second: It will keep many boys and girls in school for the high school course, who formerly left school because the course presented nothing that appealed to them.

Third: It will raise the standard of the school and consequently cause an influx of citizens to avail themselves of a well organized school.

The course will be continued unless we encounter strong opposition to it.

Candidate for the Republican Nomination for State Senator from Oxford County.

ORMAN L. STANLEY, of Porter.

To the voters of Oxford County:

On the primary ballot to be used on the fifteenth day of June will appear the name of Orman L. Stanley of Porter, Republican candidate for State senator.

Mr. Stanley is a young man, thirty-seven years of age, fully qualified to fill the position, and if nominated and elected will be a credit to the party, the county and the state.

For the last fifteen years he has conducted a large Dry Goods and Clothing business, was Postmaster at Kezar Falls, from 1902 to 1913, has been in the banking business for the last four years, and was one of the first promoters of the Kezar Falls National Bank, which has shown rapid growth under his supervision as cashier.

Mr. Stanley has always been a Republican and was a member of the lower house in 1909, serving on the Educational Committee.

Porter bases its claims for the senatorship on the following facts:—It has had no office within the gift of the county for more than thirty years and no state senator for more than forty years.

The Eastern section has been represented in the senate for the last four terms and in all fairness we believe the claim of Porter just and as Mr. Stanley will be the only Republican candidate from the Western section it seems to us that it is our duty as a party to support him at the June primaries.

Porter is situated in the extreme South Western part of the County but it is always heard from when the votes are counted, and if the voters will look up the statistics of the late state elections, they will find that Porter has always given as large or a larger majority to the Republican ticket than any other town of similar size.

In making our claims to the county for the senatorship at this election, we believe they should be recognized not only because it belongs to the Western section, but as a debt due Mr. Stanley for his loyal support to all candidates throughout the county in the past, and as he has never asked for any office within the gift of the county before, but has always been an active worker for the good fo the party, we believe that he is the logical candidate for senator.

It is earnestly desired by his friends in the West that the Republicans of Oxford county will say by their votes on June 15th that they believe the claims of Porter are just, and that the nomination for State Senator will be accorded to Mr. Stanley.

To the other canditates and the Town Committes:—In order to make the primary elections effective and accomplish good results for the whole people, it is your duty as well as ours to have the voters notified and interested in the coming primary election.

Very Respectfully submitted,
By order of the Republican Town Committee of Porter.
E. W. SAWYER, Sec.

A Double Wedding.

A very pretty double wedding took place at the home of Mr. and Mrs. George G. West of Upton as his bride.

Rev. H. L. Nichols of the Norway Methodist church, was the officiating clergyman, using the single ring service of his church. The ceremony took place in the alcove of the living room, which had been tastily decorated with white lilac blossoms and cedar.

Mrs. French was handsomely gowned in white silk Henrietta cloth with shadow lace trimmings, and Mrs. Abbott wore a becoming costume of white chiffon and shadow lace. The happy couples received the hearty congratulations and well wishes of the entire company, after which refreshments were served.

Norway Municipal Court.

Judge, WM. F. JONES.

Herbert M. Adams of North Lovell caught a duck in a muskrat trap. It was so pretty and of a species unknown to him he sent it to Capt. J. W. Nash to be mounted. It proved to be a male wood duck, and for having it in possession there is a penalty.

Mr. Adams, in company with Commissioner Wilson and Capt. Nash, appeared before the court and told his story and plead guilty. By recommendation of the commissioner the sentence was suspended.

Recital and Reading.

Mrs. Bertha Pendexter-Eldridge of Rochester, N. Y, will give a recital of dramatic and humorous readings in Norway, the evening of June 19th, under the auspices of the Ladies' Circle of the Universalist church.

Mrs. Eldridge is Maine born and has many friends in Norway, where she frequently visited before her marriage. She is a sister of Hugh Pendexter, the author. As an entertainer Mrs. Eldridge is conceded to be the best of her profession in the country, having appeared repeatedly before the National Association of Elocutionists, delighting critical audiences in Washington and New York, besides other large centers. In speaking of his gifted sister, Hugh Pendexter says: "I shall be greatly pleased to have my Norway friends hear Mrs. Eldridge. In my long experience in New York as a newspaper man I heard them all, and without family egotism am quick to say Mrs. Eldridge is without a rival in her art—be it in dramatic readings or her inimitable monologues. She is in a class by herself."

Mrs. Eldridge comes to Maine in answer to the request of the Maine Central Institute Alumni Association, of which she is a member. It is through this lucky chance that Norway people will have an opportunity to hear her.

Memorial Day Observances.

Once more in the cycle of time have we come around to Memorial day, the day set apart to pay our respect to the Veterans of '61 and to decorate the graves of those who have gone before.

The order of services for the day was similar to those of other years. At 9.30 the members of Harry Rust Post, Woman's Relief Corps, and Company D formed in procession and went to Pine Grove cemetery led by the fife and drum as in earlier days. The drummers were George Soper and Mr. Kimball of South Paris, Ed. Burnell, Norway and the fife was played by Howard Shaw of South Paris.

At the cemetery prayer was offered by Rev. R. J. Bruce, pastor of the Congregational church, Lincoln's Gettysburg speech read by Rev. Mr. Bruce and appropriate remarks made by Rev. H. L. Nichols, pastor of the Methodist church. Then followed the decorating of the soldiers' graves.

From Pine Grove cemetery the line was again formed and proceeded to Rustfield cemetery where the graves were decorated, and from thence to G. A. R. hall.

The total number of graves decorated by the Post this year was 177. Wreaths were sent for the graves of the soldiers at Waterford, Albany and North Norway, the day before Memorial.

At G. A. R. hall dinner was served by the ladies of the Relief Corps.

The exercises of the afternoon were held at the Norway Opera House at 2.30; the commander, Winfield S. Cordwell, presided. The following program was given:

National songs.....School children
Solo.....Helen Dunn
Duet.....
Marion Haskell, violin; Ruth Cummings, piano
Solo.....Lilian Powers
Violin obligato.....Marion Haskell
Reading.....Amy Losier
Oration....Rev. Mr. McWhorter, South Paris

The speaker of the afternoon, Rev. A. T. McWhorter expressed his gratitude to the veterans for the honor to speak to them at this occasion. In part he said that he should not try to settle the great public questions, should not tell what great things the veterans had done or that they were soon to be numbered with the dead but should speak on the March of Progress. He spoke of the first civilization on the Nile and of the steady progress since those days in Egypt and, in numerating some of these advances he spoke of the telephone, the wireless telegraphy, medicine, and the war against the white plague and cancer.

In the life of every man and nation there are decisive moments. In France, Russia, England, Germany and the United States, there were men back of their country in their decisive moments. They were men of conviction, men with backbone, men of great courage, who dared to tell the truth, men of great faith and men with eternal patience, and in this march men must pay the price.

As loyal soldiers the veterans helped to abolish slavery and labored to give us a nation and no one can take that idea away. The women at home endured the hardships as well as the men who went to battle.

Memorial day is not a day for sports and games, but is a day given to the men and women who gave their lives for the nation and should be kept sacred.

As Christ is the central figure in the Christian religion, so Abraham Lincoln is the central figure and he stood like a rock for liberty.

Commercial Department.

N. H. S.

Since writing the previons article for the Advertiser concerning the proposed installation of a Commercial course in our high school, the course, has been inaugurated.

At present we have enrolled in the course eight seniors, ten juniors, twenty-one sophomores eighteen freshmen, six village pupils applied for admission, and one tuition pupil.

Although the course has been pursued for not quite eight weeks, yet some of the pupils are writing shorthand from dictation and have acquired considerable speed at typewriting. A few are beginning to get opportunities to try their abilities in offices, which shows the direct applicability of the course to local conditions and that it is practical and usable.

So far the cost of the course to the town has been merely for the salary of the teacher, and for the freshmen and sophomore bookkeeping outfits for pupils in school. All other materials, such as typewriting paper, shorthand text and note books, are purchased by each pupil. A loan of the typewriters was secured from the several companies for the spring term without charge, except for expressage.

When the financial recommendations were made up in January for amounts to be raised at town meeting, it was not expected the commercial course within the year, so no funds were raised to finance the department. It would seem that so highly practical a course as would enable its pupils to develope such usable ability would warrant its cost on par with the other courses of our school.

If the course is to be continued in the fall the account will be overdrawn to the extent of the year's salary for its teacher It will also be necessary to purchase at least six typewriters at the school price of fifty dollars each. These bills can be dated March 15, 1915, so that provisions for them can be made in the appropriation of next year.

I believe that this course will accomplish the following results for us:

First: Increase the number of tuition pupils in our school. (Beginning with the fall term the tuition will be $10.00 instead of $8.00 as is now charged. This is the cost of tuition at other schools of the same rating.)

Second: It will keep many boys and girls in school for the high school course, who formerly left school because the course presented nothing that appealed to them.

Third: It will raise the standard of the school and consequently cause an influx of citizens to avail themselves of a well organized school.

The course will be continued unless we encounter strong opposition to it.

Candidate for the Republican Nomination for State Senator from Oxford County.

ORMAN L. STANLEY, of Porter.

To the voters of Oxford County:

On the primary ballot to be used on the fifteenth day of June will appear the name of Orman L. Stanley of Porter, Republican candidate for State senator.

Mr. Stanley is a young man, thirty-seven years of age, fully qualified to fill the position, and if nominated and elected will be a credit to the party, the county and the state.

For the last fifteen years he has conducted a large Dry Goods and Clothing business, was Postmaster at Kezar Falls, from 1902 to 1913, has been in the banking business for the last four years, and was one of the first promoters of the Kezar Falls National Bank, which has shown rapid growth under his supervision as cashier.

Mr. Stanley has always been a Republican and was a member of the lower house in 1909, serving on the Educational Committee.

Porter bases its claims for the senatorship on the following facts:—It has had no office within the gift of the county for more than thirty years and no state senator for more than forty years.

The Eastern section has been represented in the senate for the last four terms and in all fairness we believe the claim of Porter just and as Mr. Stanley will be the only Republican candidate from the Western section it seems to us that it is our duty as a party to support him at the June primaries.

Porter is situated in the extreme South Western part of the County but it is always heard from when the votes are counted, and if the voters will look up the statistics of the late state elections, they will find that Porter has always given as large or a larger majority to the Republican ticket than any other town of similar size.

In making our claims to the county for the senatorship at this election, we believe they should be recognized not only because it belongs to the Western section, but as a debt due Mr. Stanley for his loyal support to all candidates throughout the county in the past, and as he has never asked for any office within the gift of the county before, but has always been an active worker for the good fo the party, we believe that he is the logical candidate for senator.

It is earnestly desired by his friends in the West that the Republicans of Oxford county will say by their votes on June 15th that they believe the claims of Porter are just, and that the nomination for State Senator will be accorded to Mr. Stanley.

To the other canditates and the Town Committes:—In order to make the primary elections effective and accomplish good results for the whole people, it is your duty as well as ours to have the voters notified and interested in the coming primary election.

Very Respectfully submitted,
By order of the Republican Town Committee of Porter.
E. W. SAWYER, Sec.

30,000 VOICES

And many Are the Voices of Norway People.

Thirty thousand voices—What a grand chorus! And that's the number of American men and women, who are publicly praising Doan's Kidney Pills for relief from backache, kidney and bladder ills. They say it to friends. They tell it in the home papers. Norway people are in this chorus.

Here's a Norway case:

"I know of no other remedy as good as Doan's Kidney Pills," says M. M. Kilgore of Danforth St., Norway. I had backache and rheumatic pain for more than a year. My kidneys was the cause of the trouble. Sometimes I was so lame I could hardly stand. I did not rest much and was feeling miserable when I was advised to try Doan's Kidney Pills. I got them at Stone's Drug Store and a few boxes cured me."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Kilgore had. Foster-Milburn Co., Props., Buffalo, New York. 22-23

Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result and unless the inflamation can be taken out and this tube restored to its normal conditon, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & Co. Toledo, Ohio.

NEWRY.

O'Neal Hastings.

On May 17th occurred the death of O'Neal Hastings, one of the oldest men in Oxford County. He had nearly reached the century mark. He was born July 17th, 1822, at the Hastings homestead in Bethel, now owned by Henry and Major Hastings. He was the last of six children. In 1845 he married Mary Ann Small who died in 1894. One son was born of this marriage, Henry S. Hastings, with whom he lived until his death. For many years he was a drover, in those days taking droves over the road to Bridgton, but for many years he attended to farming. He retained his faculties to a remarkable degree.

The funeral services were held at his home, Rev. J. H. Little, pastor of the Universalist church of Bethel, officiating. Many relatives and friends came to pay the last tribute of respect to their aged friend. The flowers were abundant and beautiful.

Besides the son he leaves two granddaughters, Mrs. Harry Gilman of Brookline, Mass., and Mrs. Mark Arsenault of Newry.

Jacob Corbett, who had the misfortune to break his leg, is gaining nicely.

C. H. L. Powers has been expecting his son, Rev. Levi Powers, of Gloucester, Mass., for a visit.

Herman Thompson and family went to Mechanic Falls, Saturday, and to Oxford to Geo. Adams'.

Charles Bachelder and wife made a call at Henry Leighton's; also at Herman Thompson's, Sunday.

Nearly every voter in this part of the town went to town meeting to vote on the new schoolhouse. It was voted down by a small majority.

Mr. and Mrs. Philip Durgin went to Cornish, Thursday night to attend the Arbutus Rebekah Lodge. It being visitors' night, members were present from Denmark, Brownfield and Limerick lodges. Among those from Brownfield were Mr. and Mrs. John Danforth. They stayed over night with the Phil Durgins.

Freeman Andrews is gaining fast. At this writing he is able to walk alone. Mrs. Mary Stanford remains very well. She attended the Circle Tuesday night. Mrs. Clara Whitehouse remains much the same.

HARBOR.

The farmers have been very busy getting their planting done.

Albion Barker has been visiting his sister, Mrs. W. E. Benson.

Mr. and Mrs. Howard Hurd spent several days with their son Herbert and family. Mr. Hurd's health is poor this spring.

A good delegation of Grand Army men and Relief Corps attended church here Sunday. The church was decorated with flowers and flags. The old soldiers are more than welcome at the Harbor.

The Sunday School convention which met at the church, the 22nd, was a success. The speakers were very interesting. The Ladies' Aid furnished the supper. The last on the program was an illustrated lecture on China by Mrs. Gammon of Fryeburg.

The warm weather of the grst of the week got the ground warm for planting which many of the farmers have taken advantage of.

OLD FOLKS FIND NEW REMEDY RELIEVES ALL KIDNEY AND BLADDER MISERIES

Drives Rheumatic Pains Away, Relieves Backache and Bladder Disorders After A Few Doses Are Taken

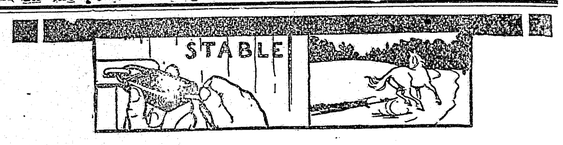
Sleep disturbing bladder weaknesses, backache, rheumatism, and the many other kindred ailments which so commonly come with declining years, need no longer be a source of dread and misery to those who are past the middle age of life.

The new discovery, Croxone, overcomes all such disorders because it removes the very cause of the trouble. It soaks right into the kidneys, through the walls and linings; cleans out the little filtering glands and cells, and gives the kidneys new strength to do their work properly. It neutralizes and dissolves the poisonous uric acid substances that lodge in the joints and muscles, causing rheumatism; and makes the kidneys filter and sift out all the poisonous waste matter from the blood and drive it out of the system.

It matters not how old you are or how long you have suffered, Croxone is so prepared that it is practically impossible to take it into the human system without results. You will find it different from all other remedies. There is nothing else on earth like it. It starts to work immediately and more than a few doses are seldom required to relieve even the most chronic, obstinate cases.

It is the most wonderful remedy ever made for restoring the lifeless organs to health and strength and ridding the system of every particle of uric acid, and you can take it with the utmost confidence that nothing on earth will so quickly cure such conditions.

You can obtain an original package of Croxone at trifling cost from any first-class druggist. All druggists are authorized to personally return the purchase price if Croxone should fail in a single case.



Putting Tobacco in Tins is Like "Locking the Stable Door"

—"after the horse is gone." Because when tobacco is chopped into small pieces, much of the flavor evaporates *before* the tobacco goes into the tin.

There is only *one* way to keep *all* the natural fragrance and original flavor in tobacco until it reaches your pipe—and that is the hard-pressed Sickle *plug*. And the *natural leaf wrapper* is a better protector than any tin, tinfoil or waxed paper.

You always get a fragrant, *slow*-burning, *cool* smoke from Sickle, because you slice it off the plug as you use it. You get *more* tobacco, because there's no package to pay for. There's no tobacco wasted—and the *last* pipeful is as fresh and sweet as the *first*. Smoke Sickle today—all good dealers sell it.

Paint?

There are two good reasons for painting often-enough or even too-often. One, to look prosperous; two to be so.

Nothing does one more credit or gives one more credit than paint, supplemented of course by what goes with it; and paint costs nothing.

True, the first cost is $5 or $6 a gallon-put-on but it saves more than that in the property; saves it from slow going-down not always slow—it drops with a jump when water gets in on wood and iron.

Dry wood and iron cost nothing, kept dry by paint.

Better paint when it needs it. Paint never goes-down in the sense of being more profitable next year.

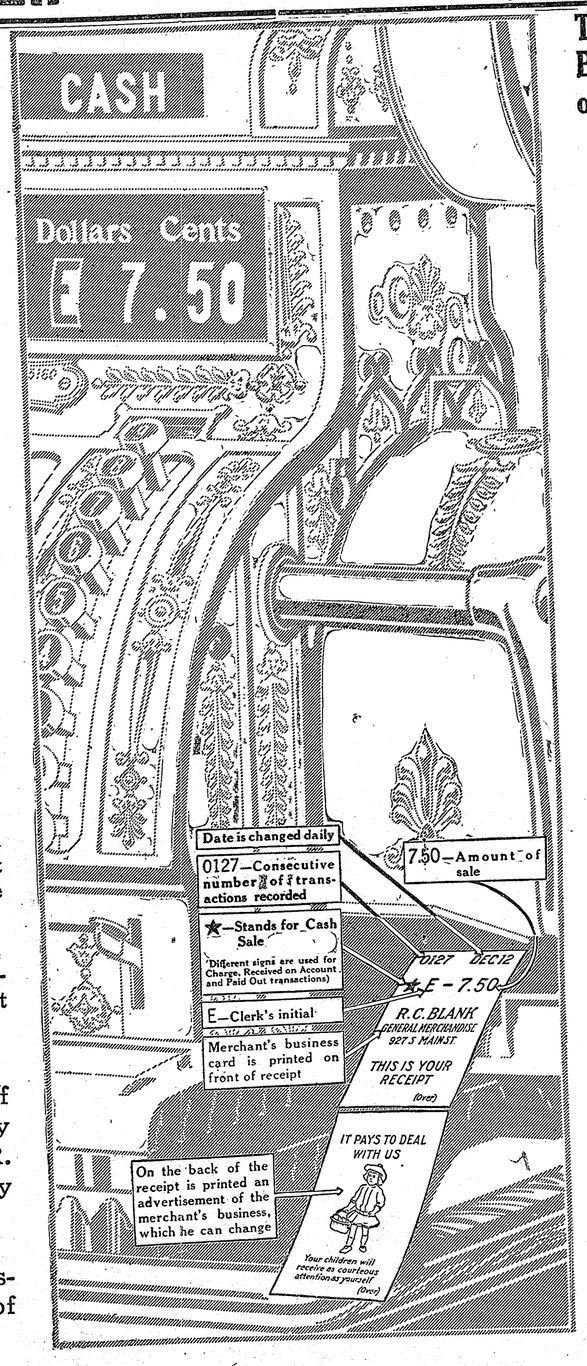
7. It protects employees against temptation.
8. It shows which employee is most efficient.
9. It shows in dollars and cents the same amount that is recorded inside the register.
10. It enforces correct records which cannot be lost or destroyed.

If merchants knew of these 10 benefits, they would give N. C. R. receipts for all money taken in.

We make cash registers for 286 kinds of businesses.



The N. C. R. Receipt Benefits the Patrons of Stores in 10 Ways:

1. It prevents customers from being overcharged.
2. It insures credit for all money paid on account.
3. It prevents paying the same bill twice.
4. It shows which clerk made the sale.
5. It stops disputes with clerks.
6. It prevents mistakes in change.
7. It enables customers to get goods and change quickly.
8. When the customer gets home, it tells how the money was spent.
9. It proves where goods were purchased if exchange is desired.
10. It protects servants and children against temptation and unjust suspicion.

If customers of stores knew of these 10 benefits, they would demand N. C. R. receipts for all money paid at stores.

National Cash Registers print many different kinds of receipts.

They are a necessity wherever money transactions take place.

Considering what they do, National Cash Registers are the lowest priced machines sold in the world.

THRIFT IS A NTURAL INBORN CHARACTERISTIC WITH SOME PEOPLE; IT IS AN ACQUIRED HABIT WITH OTHERS

If the majority of people realized that 97 per cent. of the business men meet reverses at the age of forty and are obliged to again rebuild their fortunes from the very foundation, the habit of thrift would gradually become more general. It would soon be regarded by the majority as a requisite of vital importance for a man early in life to establish a sinking fund and systematically lay aside for this purpose.

Why not provide against this by opening an account with this Bank? You can then deposit all money received and pay each bill by check. In this manner you will have a record of all receipts and expenditures and can establish a sinking fund to provide against reverses and old age.

We invite you to deposit your money, whether it be cash or checks, in this strong National Bank and start systematic saving. There is no expense to you in opening an account.

NERVOUS HEADACHES

Heavy Feeling, as If My Brain Was Pressing Down

MRS. EFFIE HILL, Blanchester, Clinton Co., Ohio.

Mrs. Hill says: "I cannot tell you how much I have suffered during the past twelve years." Twelve years is a long time for any one to suffer. A great multitude of women in this country know exactly what Mrs. Hill means when she says, "Heavy feeling, as if my brain was pressing down. So nervous I could not get my rest at night. Would have sinking spells and then so weak that I could not do my work." A great many women in the United States will recognize in this description their own experience.

Mrs. Hill found a remedy. After taking four bottles of Peruna she gained in strength and flesh and wrote us that she was a well woman again. She says, "I cannot thank you enough for my recovery."

This is no ordinary incident. Twelve years suffering. Four bottles of Peruna. Restored to perfect health. If Peruna can do this for one woman why can it not for another? Is it not worth your attention? Is it not worth trying?.

Those who object to liquid medicines can now obtain Peruna Tablets.

SOUTH WATERFORD.

George F. Hill is doing quite an increased extent of farming this year and possesses excellent facilities for producing successful results. He has more than forty head of cattle of different ages, milks fifteen cows and has five good work horses. Mr. Sleeper, an experienced and successful Aroostook farmer who has been several years employed by Mr. Hill, is a prominent factor of success in his farming operations, especially in the raising of increased crops of superior quality of potatoes. Mr. Hill's layout for field planting is ten acres of potatoes, ten acres of sweet corn and seven acres of oats.

Our singing school is a most worthy attraction to many young pupils and even a number of older trained singers are availing themselves of the fine opportunity for enjoyable practice of singing the charming songs contained in the book introduced by Miss Foster, and equally interested in the lessons in musical theory by blackboard exercises.

The Grange store is being much improved in external appearance by two coats of paint by the hands of Freeman Hapgood.

Bear Mountain Grange received about New Year time, two handsome portraits, which are conspicuously hung in their hall in honor of the distinguished man who was the founder of the order of Patrons of Husbandry, Oliver Hudson Kelly. He was born in Boston, (Mass., Jan., 7, 1826. He was sent into the southern states after the close of the Civil war to investigate the conditions of the farming population and report to the Government and recommend a means of helping the suffering people of that section, impoverished by the war. The result of the prolonged conference with the Commissioner of the Patent Office, at that time having charge of agricultural interests, was to assist the South by organizing a system of mutural self-help, which might be as useful in the North as in the South. The outcome was the organization of the National Grange Patrons of Husbandry in Washington, D. C., in 1867. After protracted consultations and much travel and effort of Mr. Kelley, the first subordinate Grange was organized in Fredonia, N. Y. on April 16, 1868. From that time the order has been extended to every section of the country, and has a most commanding influence upon many questions of National and State legislations.

Mrs. Holman Packard of Harrison and Mrs. Will Gray of Bridgton were visitors of Mr. and Mrs. Freeman Hapgood, last week.

Mr. and Mrs. John Bell of Lovell were week-end guests, and Mr. and Mrs. Chas. Richardson of Norway were Sunday guests of their relatives, Mr. and Mrs. Freeman Hapgood.

A smart shower of ten or fifteen minutes duration visited our village on Monday afternoon, with loud thunder.

Bear Mountain Grange since the beginning of the year has enjoyed a season of unusual prosperity, which is attributed to the interest created among the patrons by the series of competitive contests instituted for the purpose of calling out the latent intelectual talents of the members, and the effect of the skirmish of brains every two weeks, is very gratifying in increased attendance and in development of real Grange spirit and desire to excel in every succeeding contest. The 10th contest of the year was presented on Saturday evening under the direction of Sister Belle Hapgood. It being the the evening of Memorial day, the occasion was improved for a scheme of decoration of the stage of evergreens, flowers and flags of special beauty and significance, which were designed and executed almost unassisted by Mrs. Hapgood. It was a welcome greeting to the view of sixty-nine appreciative patrons who assembled to manifest their patriotic sympathy and assist in the staging of the following program:—

The observance of decoration of soldiers' graves in Elmvale cemetery, South Waterford, was celebrated on Wednesday, May 27th, under the direction of G. M. Knight Woman's Relief Corps of North Waterford, whose faithfulness in thus honoring the memory of deceased Veterans of the town has always been conspicuously manifested. A large delegation of the W. R. C. came in the forenoon and assembled at the home of Comrade and Mrs. G. H. Billings where ample preparations were made for a sumptuous dinner by the visiting guests and their generof hosts. A good number of citizens, teachers and pupils of the public schools from the Flat, South Village and Mutiny Corner, numbering about forty, assembled at Comrade Billings' at half-past one, and under formation and guidance of the Corps officers and its color bearers, marched in procession to the cemetery. Four resident Comrades of G. A. R. and the local church choir were present and rendered valuable service in the impressive service required by the ritual of the W. R. C.,—the decoration of the "unknown dead." For this ceremony a vacant lot was selected by the president, Mrs. Lilla Rice, and around a flag planted in the centre of the lot, the officers and color bearers of the Corps performed the solemn rites for the "unknown dead" by each dropping a Memorial wreath and a flower at the foot of the flag. After the Comrades and their aids, composed of school children, had completed the flag, wreath and floral decoration, the company assembled at the gate and were entertained by a program of literary exercises under direction of Brother G. W. Sias, as follows:—

Oxford County W. C. T. U.

Oxford County Woman's Christian Temperance Union opened the 27th annual convention in the Universalist church, Tuesday morning, May 27, at 10.30 a. m., with devotional services led by Mrs. Alice Ford who read the 90th Psalm and after prayer and singing a hymn made very fitting remarks.

The convention was then called to order by the Pres., Mrs. E. A. G. Stickney of East Brownfield, then came the roll call of officers all of whom were present, and also a large proportion of the superintendents.

The address of welcome by Mrs. D. A. Ball and the response by Mrs. A. T. McWhorter of South Paris were both fine. In them both rang the keynote of the convention, that of higher aims, in teaching the children and the ultimate end in state wide prohibition.

Delia H. Lane presided at the organ through the entire convention and at this point a hymn was sung by congregation.

The reports of the corresponding secretary, Mrs. E. W. Chandler of Bethel; treasurer Mrs. Nellie Farnum, South Paris and auditor Mrs. Imogene Swett of South Paris were given; flwer mission report by Supt. Mrs. Smith of Norway and then Mrs. Deborah Knox Livingston of Bangor, the convention speaker, kindly answered questions and made suggestions for the good of the W. C. T. U. work and led in the noontide prayer when the whistles blew for noon. Mrs. T. A. Davis of South Paris, Supt. of medical temperance, gave her report.

Dinner was was served in Good Will hall and all spoke praises of the appetizing affair.

Tuesday afternoon the W. C. T. U. convention opened with prayer by Mrs. H. L. Hanson of Rumford.

The president's message was brief but earnest for the work of the local unions and included several letters from the late State and National president, Mrs. L. M. N. Stevens, and one was her last dictated letter which was addressed to the local unions.

The Memorial service was in charge of Mrs. E. W. Chandler of Bethel. There have been three deaths, Mrs. Barker of Bethel, Mrs. Hanscom of Rumford Center and Mrs. Locke of West Paris. The Shepherd's Psalm was repeated together and a song entitled, "It singeth low in every heart," the second verse which was especialiy appropriate is as follows, and sung by the congregation to the tune of Auld Lang Syne.

"Tis hard to take the burden up
When these have laid it down;
They brightened all the joy of life,
They softened every frown;
But, oh! 'tis good to think of them
When we are troubled sore;
Thanks be to God that such have been,
Although they are no more."

This was followed by a touchiog memorial to Mrs. Stevens by Mrs. Livingstone, who was one of the few who were most intimately connected with her and was able to make this part of the service interesting and valuable. Her talk was largely reminiscent.

She was personally acquainted with the first leader, Miss Willard whom she called mostly visionary. Mrs. Stevens had seen many victories and had visions of more. She was a woman who was given great honors but as one who received them not for herself but for the work and the unions at large. The speaker's only criticism of Mrs. Stevens was that she was over-just to that other woman and under-just to herself. She was reticent in her own life and had a great love for little children.

Mrs. Livingstone was priviledged to be the last except Miss Gordon to see Mrs. Stevens before her death and was in Canada when she received the telegram and left immediately to attend the services in the home in response to a former personal request. She was one of nine or ten who met in the leader's study for an hour of prayer and counsel together before the service. One of Mrs. Stevens' last requests was that Mrs. Livingstone might remain in Maine through the coming annual county conventions, whereas she had expected to spend the spring months in franchise work in Iowa and North Dakota and those states released her to remain here in honor of one of Mrs. Stevens last requests. Nearer My God to Thee was sung at the close of the service.

Report of Franchise Supt. Miss Shirley was read by Mrs. Stickney. At 4 o'clock the schools marched in a body and sang two prohibition songs, them Mrs. Livingston told them a story and the hour closed with all singing America.

The evening address was given by Mrs. Deborah Knox Livingston of Bangor and she gave a very stirring talk on the National Constitutional Prohibition which is the main issue of the present time. She is an excellent speaker and all who missed hearing this have lost something which never can be supplied. Appropriate music was rendered by a ladies' chorus.

Wednesday morning opened at 9.30 with devotional exercises by Mrs. Chandler. The rest of the superintendent's reports were given and of the 24 departments taken up in this county nearly all of them were present to report for themselves. Mrs. E. A. G. Stickney who has served us so faithfully for ten years felt that in her declining years she wished to resign her position as president, likewise Mrs. E. W. Chandler of Bethel, corresponding secretary, and Mrs. O. M. Mason, recording secretary, resigned. Although it was with regret that we accepted these resignations from such efficient workers, they were decided in their decision and the new officers were elected as follows:

County Pres.—Mrs. Susie E. Chapman, South Paris.
County V. Pres.—Mrs. Elizabeth W. Morton, South Paris.
Corresponding Sec.—Mrs. Anna W. White West Paris.
Recording Sec.—Mrs. Lillian R. Hanson, Rumford.
Treas.—Mrs. Nellie F. Farnum, South Paris

The closing business and resolutions filled in the afternoon session. The Universalist church where the convention was held was decorated with bouquets of apple blossoms, one large potted plant and the Oxford County banner hung on the wall behind the pulpit.

MRS. LYON'S ACHES AND PAINS

Have All Gone Since Taking Lydia E. Pinkham's Vegetable Compound.

Terre Hill, Pa.—"Kindly permit me to give you my testimonial in favor of Lydia E. Pinkham's Vegetable Compound. When I first began taking it I was suffering from female troubles for some time and had almost all kinds of aches—pains in lower part of back and in sides, and pressing down pains. I could not sleep and had no appetite. Since I have taken Lydia E. Pinkham's Vegetable Compound the aches and pains are all gone and I feel like a new woman. I cannot praise your medicine too highly."—Mrs. AUGUSTUS LYON, Terre Hill, Pa.

It is true that nature and a woman's work has produced the grandest remedy for woman's ills that the world has ever known. From the roots and herbs of the field, Lydia E. Pinkham, forty years ago, gave to womankind a remedy for their peculiar ills which has proved more efficacious than any other combination of drugs ever compounded, and today Lydia E. Pinkham's Vegetable Compound is recognized from coast to coast as the standard remedy for woman's ills.

In the Pinkham Laboratory at Lynn, Mass., are files containing hundreds of thousands of letters from women seeking health—many of them openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound; and in some cases that it has saved them from surgical operations.

Rev. E. A. Davis, the speaker of the afternoon, gave a review of the history of the military operations of the rebellion and took for his topic "The History of the Grand Army of the Public in the Field of Gonflict." He said in part, that a few of the causes of the war were: that clause in the constitution which was intended to protect slave labor and was so construed; the Lincoln-Douglas contest in Illinois in which Mr. Lincoln took the ground that the nation could not exist half free and half slave; the namination of Lincoln; the seizure of U. S. forts and the assault on Fort Sumter. Mr. Davis gave an outline of the various battles and their relations to each other.

Gen. Grant has said in the opening sentence of his Memoirs, "Man proposes but God disposes." RHEUMATISM ARRESTED

Many people suffer the tortures of lame muscles and stiffened joints because of impurities in the blood, and each succeeding attack seems more acute until rheumatism has invaded the whole system.

To arrest rheumatism it is quite as important to improve your general health as to purify your blood, and the cod liver oil in Scott's Emulsion is nature's great blood-maker, while its medicinal nourishment strengthens the organs to expel the impurities and upbuild your strength.

Scott's Emulsion is helping thousands every day who could not find other relief.

Free Paint

Paint half your job Devoe; paint the other half whatever you like.

If Devoe doesn't take less gallons and cost less money, no pay. The cost of putting it on is about two-thirds of the job.

If Devoe doesn't wear a year or two years or three years or four years longer—distinctly longer and better—we'll give you enough to do it again.

But we warn you how it will all turn-out. The best half of your job will cost you so much less than the other half, and wear so much better too, that you'll never divide it again.

You won't get your paint free, you'll get what is better. You'll know Devoe; You'll know strong paint, you'll know weak paint; and the question is settled.

Memorial Service Sunday.

A union meeting of several churches in town was held last Sabbath at the historic old church on "Bell Hill" in Otisfield.

This church is a land mark known far and wide, which was built by the Congregational society in the 40s. The church society was organized in 1797 and observed its centenial anniversary in 1897. These dates are placed above the old high pulpit and strike the eye as one enters this ancient edifice.

The pulpit furnishings of the olden days still remain and the high gallery where the choir was wont to assemble. Doors form an entrance to all the pews and every part recalls olden days.

Rev. William Laite, the pastor at Bolster's Mills and Spurr's Corner, Otisfield, conceived the idea of a union service at this Memorial time in the old church.

A great number responded to the invitation from all parts of the town as well as Harrison, Casco and Oxford.

The weather was ideal and the scenery

Rev. William Laite.

from the high elevation is unsurpassed mountains and lakes being visible in the wide expanse there brought to view.

Rev. Mr. Laite preached an eloquent and powerful sermon which held the attention of the large congregation. Rev. Mr. Kneeland of the Baptist church at East Otisfield made a few remarks. There was special music. Mrs. Frank Barrows presided at the organ, Mrs. Laite and Mrs. Mitchell, violins, and Eugene Edwards, cornet. There was a duet by Mrs. Mitchell and Frank Barrows and also by Mrs. Laite and Mrs. Mitchell. The audience joined in singing "Nearer My God to Thee," and the closing number, "America."

The keynote of the discourse was loyalty to home, country and God.

The day was one long to be remembered, a link between the past, when our forefathers labored and fought, and the present, when we, their descendants, reap the harvest of their labors.

BRYANT POND.

Memorial Services.

Perfect weather, a fine program and a very large attendance combined to make the Memorial services here the most inspiring in years. At one o'clock the various bodies composing the procession assembled in front of the K. P. Hall. The line marching to the ecmetery was as follows:—

James M. Bowker, in command.
Drum-corps, Dennis Pike and Eugene Cole.
Bryant's Pond, K. of P., Uniform Rank.
16 men, commanded by Clarence Cole.
Color-bearer, Ansel Dudley.
Bryant's Pond Sons of Veterans, 20 men.
Color-bearer, Jerry Farrar.
Veterans, 7 men in line.
Grammar and Primary school children.

At the cemetery, Gilman Whitman of Whitman Post, G. A. R., read the general orders and Lincoln's Gettysburg speech. While a quartet composed of Laura Day, Mrs. Stover, Edwin Howe and Clarence Cole sang appropriate selections, the Sons of Veterans marched through the cemetery, decorating the graves and rendering homage to the dead by flag salutes. This ceremony was followed by services in the church.

After an opening prayer by the Rev. Mr. Stover, the quartet rendered a beautiful selection. Various recitations by the school children, solos by Ione Farnum and Gilman Whitman and other songs by the quartet made up a most inspiring program. Ione Farnum's solo, "Memory Days," was particularly enjoyable and was given with much talent.

The address made by the Rev. Chester Gore Miller, of South Paris, in an earnest, eloquent manner, frequently enlivened by flashes of wit. He spoke on the duties of patriotism and the necessity of this country freeing itself, to-day, from economic slavery, even as the slaves of '61 were freed. His remarks were greatly enjoyed by all.

Whitman Post now numbers but five Veterans. Though seven were in line here today, two came from other Posts. This Post is now composed of James M. Bowker, Gilman Whitman, Freeman Wyman, Horace Berry and Henry Berry. The town, this day, assembled to do honor to these men for their part in the Great Rebellion, as well as to assist them in their memorial services over the graves of their fallen comrades.

During the services, Horace Berry was overcome by heat in the church, and had to be assisted outdoors. He soon recovered, and no serious results are anticipated.

PURE RICH BLOOD PREVENTS DISEASE

Bad Blood Causes Most Ailments—Hood's Sarsaparilla Corrects It.

Bad blood,—that is, blood that is impure or impoverished, thin and pale,—is responsible for more ailments than anything else.

It affects every organ and function. In some cases it causes catarrh; in others, dyspepsia; in others, rheumatism; and in still others, weak, tired, languid feelings and worse troubles.

It is responsible for run-down conditions, and is the most common cause of disease.

Hood's Sarsaparilla is the greatest purifier and enricher of the blood the world has ever known. It has been wonderfully successful in removing scrofula and other humors, and in building up the whole system. Ask your druggist for Hood's today. Take it—give it to all the family so as to avoid illness.
